Mr. M. Hans, of the New York Store, became formally belrothed a fow days since to Miss Rebeces Schwab, of Cinchnatl, who la visiting in this city. The nuptials will be celebrated some time in the not far

#### The Debating Society.

The largest audicuce of the segror 'lurned out to hear the discussion of the debitting society Saturday night. The question was "Which is the more important, Historyor Mathematics?" For the benefit of those who were not present we will reproduce a portion of an able and eloquent extemporaneon speech which the writer had he pines on the train. tom, but which unfortunately was nut calleddor.

. Mr. President, Lilies and Gentleman: Slife by slife with the Illustriontusines of Washington, Grant and Sitting fluil oppears the no less brilliant eagnomen of Matthew Mailes. Many anecdotes are told of Matt. An and farmer once sent his two daughters uff to boarding school, and they felt so completely in love with Mutthew Matica and a triend of his named Al Gebrs that the old gentleman thought they were neglecting their studies and stopped them from school. Mathematics and history ore taken the idnt and governed themof great importance, though in certain kinds of business cither can be disneused with. A book-keeper nece set be lamillar with history, while an notice the rendition of The Clanter's editor has no use for mathematics ex- Wife" at Mozert Hall last night by the ey. But to the larger class of people and thuon yesterday to show that history is of far mure benefit. Mathematics is a study, history is a pasilme. It entertains as well as ingreat Washington conquered the British with bis little hatchet? We love to read of how Capt. Smith siew the vile chief, Pocahuntas. We love to read of how Gen. Jackson we read how the American eagle been adopted. swooped down on the blred Hessians at the baille of Waterloo and drove them into the Red Sea Mr. Presideni, I would not be without my knowledge of listory tor all the

malhenistics in the world. I'm me down on the side of the affirmative. Of course the decision was given in favor of the affirmative after the powerful argumenta adduced. Another Interesting debate will be held Saturday night to which all . are invited. The metabers will spore no efforte to enterlain those who may attend

# January.

It will be seen that a few parties confinue to "connublatize" every month in spite of hard times. The llat aftere enthraces some old bache lors who had long sluce been regarded as out of reach of the matrimoulal ferer, but after baffling Hymen for fity years they have at last ouccumbed la the evening of life. Still othera have had It ouce and were not coneldered in danger, but they, too, were ing for as \$85 organ. When we get so atricken down. Go in, boys, old and we have to pay two dollars for one young, we like to see the good work going on. Follow our precept und uot our example.

#### The Grand Jury.

The following are the names of the rand jurors empaneted yesterday : Blee Dullu foreman, Jao. M. Clark Richard Vaughan, Juo. A. Browning, Jno B. Gowen, J. A. Boyd, Me. J. Davis, Newton Payne, Jan. Witty, Frank Davis, M. D. Boales, Wm. Mor. ris, Win. Faughan, Wratt Walt, col. Netson Cross, col. Phil Bell, col.

For the first time in this district legroes are on the grand jury. It is frappears that old Hymen has unless shame and an outroge to put ignoted his forces in Caldwell county; he rant negroes on the jury when there a shame and an outroge to put ignoare men of intelligeuco and capacity, who could attend to the business, The negro may have his rights, but unices he iscapable of writing his been greatly troubled with water since the thaw. Some inhers have grage he should not be allowed to be unit work.

Mr. Scott Means of your city was upon juries. Things have indeed around assessing in thie region last come to a pretty pass when our coun-

ibink it would do him very little good, as it is not the horee but me they love to "ride" behind — Boys, you should all have "sistera" to visit you. How the gtris do flock in to see me now; and the boys, i jast never did see the like. They never would como noar me before the last few weeks. Woulder why 11/2

never would come near me before the last few weeks. Wonder why it'is?
There was a little "row" between Sam Wright and old Mrs. Wess, in which it seems Sam struck the lady. I learn the trial will come off before Squire Wood Samrilay, 5th inst. Will report results in my next.
Considerable sickness in the community for the last Sweeks, but bo very prudent and keep well.
Whost looks badly, what little was

np and we expost to "keep cool" next animinor, provided we ever get thawed from the extreme cold of winter.

Raymond ran in on us and informed

of earlie to Louisvillo from the station has week.

J. A. Campbell opent last Sunday at the station. Ho said he came to church hill time.

The uany friends of Baker Radiord will regret to learn that it is continued to bir round by a tartino is continued to bir round by a fartino is round by a fartino is continued to bir round by a fartino is round by a fartino is continued to bir round by a fartino is round by a f sacrifice. Even now, though Brother Spurin's lead is heary with the trosts of many winters, and his once athletic frame has become fragile and frame ites become fragile and wayworn in the cause of his master. May success amond his efforts where-eyer he may be called to labor, and of his church, and finally lie down to peaceful resi, to awake in the prea-ence of angels with crowns in the glory land. Expr.

## CHURCH HILL.

Farming is now in order. There inve been a lew plant beda buraed in

our vicinity.

There is a meeting now in progress at Liberty Church, conducted by the Rev. J. W. Higbee, of Madisonville. The mombers contemplate accuring his services for the eneuing year. I heard him in Madisonville and know him to be a fine pulpit orator. The members will do well in accuring his acryices.

I understand there was a social

### TOBACCO NEWS.

Inspector's weekly report Hopkins

ville tobacco Market, week ending

The market during the month was frin tor all decided grades of lugs and leaf, while common and inferior grades were somecasics. But as New York has broken the long ataguation by the unprecedented large anle of ten thousand bogsheads, we hope to have at least au active market at tair prices during the season, especially for our better grades. All lobacco of body and substance will be sought after at tull prices this season as the old stock of such is exhausted.

10013 1310

Do you occil anything in the Job ine; if so, call and examine our goods and prices. We keep a select stock of Job Material and can fill orders at the lowest prices. Sales of 39 hhds. by J. K. trant &

9 hhds. medlum and One leafas fol-lows, \$9 26. 7 50, 6 75, 5 50, 5 26, 8 20, 6 00, 6 00, 6 25.

8 lills. common leaf at follows. \$5 75, 5 50, 5 59, 8 25, 5 00, 5 45, 5 55,

Prices about as last week, with a cond demand for all useful tobacco. Fine luge bought full prices, while common leaf and lugs are selling low. Feb. 2, 1880.

Sales by Abernathy & Co., Febru-ary 2d, 1881, of 24 hilds, as follows: 18 hilds common leaf frum \$5 25 to

6 likds. lugs from \$3 60 to \$6 00. Market ateady at former quotationa. Sales by Bucktier & Wooldridge, Feb. 2, 1881, of 45 bhds. tobacco os

luga 3 39, 3 35, 3 40, 11 40, 3 40, 3 53 3 7,5 3 84, 3 95, 3 90, 3 65 3 85. 8 lilita. good to medlmn luga, \$4 00 90, 4 60, 4 80, 4 80, 4 65, 4 75. 15 linds, common to low leaf, \$5 40 45, 5 50, 5 40, 5 40, 5 30, 5 55, 5 20 10 ldds. meillum leat, \$6 10, 6 50 6 00, 6 60, 6 96, 7 00, 7 75, 7 85, 8 90. Market rules along fram out tull with a better general demand. We have now a tall board of both home

and foreign buyers. Nelson & Jesup sold Jan. 26 and Feli. 3, 31 hilds. tobacco aa. followa 20 hilds. leat, \$9 80. 9 00, 8 15, 7 75

70, 750, 725, 720, 640, 600, 600, 590, 5 75, 5 55, 5 55, 5 40, 5 00, 4 84. We quote the market very firm on all grades except very common lugs, which are one-fourth cent off.

Salea by Wheeler, Mills & Co. Feb. 2, 1881, of 25 hide. as follows: 1Linds. low to medium leaf. \$7 00, 7 00, 6 50, 6 00, 5 55, 5 35, 5 25, 5 15 5 10, 5 00, 4 95.

5 10, 5 00, 4 95.

15 hids. good to 'common lugs, \$4.75, 4.75, 5.55, 3.75, 3.85, 4.00, 3.60, 3.50, 3.50, 3.70, 3.35, 3.40, 3.20, Gur sales was quite aatlafactory, and we think the market unchanged. we notice a good ideal of the tobacco is in very soft order. We begown friends to guard agoinst thia, as it is impossible to get full prices on tobacco in sach order.

Why not try Homo.

Tho tobacco hreaks were erowded Will ceport results in my next.

Considerable sickness in tiels community for the last 2w weeks; but few cases of Secrete Fever as jet. A little boy of Richard Thurmond is been with the week policy over the very fine prices they got when their crops were of good quality.—Home Journal.

When the bolts while the prices they got when their crops were of good quality.—Home Journal.

When the bolts while the prices they got when their crops were of good quality.—Home Journal.

When the bolts while the prices they got when their crops were of good quality.—Home Journal. question. Get it of

Wheat looks bediv, what little was sowin, and many contemplate sowing spring wheat and try that.

Everybody busy sowing plant beds, and trom what I can learn a large wask at a very low figure. The two sown, and many contemplate sowing spring wheat and try that.

Everybody busy sowing plant beds, and trom what I can learn a large crop of tohacco will be planted next; season. Only a few hays prized and sold last crop yot. Weather has hindered them so that the bulk of the crop will not be on the market for several mentles. leaf in the erop would have sold by liself for more than the whole broaght. He says he is wiser now, and will do better this year.—Home

Breekingldge News.

A Washington woman, quil ber kushand because he confidit give her skry deliars to buy a braid. Falling and is no way to bring harmoney in the family.—Glasgow Times.

Ben Butler will sail fer the West Indies in his private yacht some time in February. If wishes were trade what sthere would be a sufficient rentally and lett the spite of all rentally in the case of the winds there would be a sufficient took there would be a sufficient foot get lett.

Aside from all party considerations, this absenceism is roost rupreteers:

In February. If wishes were trade which there would be a sufficient continuity of them to keep Ben saling the occan him to teep Ben saling the occan him to teep Ben saling the occan him to true balance of the days.—Lonisville Post.

Looking at the matter from a logical stand-point, and illumined by the principle involved in Civil Service reforms, the average malt route-sgent haven't the espacity to hold a country mall rider's horse while he goes into a cross rouds pustedless to get his mall changed.—Glasgow Timos.

Ite was to selema a preacher—he definite which bid him tarewell and God speed in Nevadacse expressed it highlity thus: "Now, partl, you can git. We are in favur of religion in tide yer camp, and it ribes the hoys to see a feller spilla it. You glt," and be goted.—Naghville Times.

It am so fond of little boys," sald the new schoolma'mm, sweetly. Just then she tripped over a string stricked arross the pavment, with a little lay at each end of it. "And to a cigni responsibility. Look for like in the last two chall them as the pavment, with a little lay at each end of it. "And to a cigni responsibility. Look for like in manes in the published toll—little in the representatives and hold them as little lay at each end of it. "And to a cigni responsibility. Look for like in the last two published toll—little in the stripped over a string stricked as though i would like, to ent a there is no oct rupretiens; this nbsentectson is roost rupretiens; this nbsentectson is roost rupretiens; this nbsentectson is roost rupretiens. As incused to attend to them as the serve of to demand to them as the serve of to do when he seeks and obtains a election. Jimny O'Brien, of New York, has searcely been in hold the little seat this session. He ramo oper last Monday, wantered about the louse an hone or two on Tresher, and returned that night to the measure of the particular two had valid excused And this has been the experience of the particular two had valid excused and ordered and the particular two had valid excused and

then she fripped over a string stroiched arrows the payment, with a hittle buy at each end of it. "And I icel as though I would like to eat a comple of them raw this minute," that the close of her remark.—Nashville Times.

A wildower remarked the other day that George Washington and Daniel. Webster were the sons of their father's shood wives, and if he thought he would rake the hills and valleys of Hardin and the pinc knobs of Builtin, but he would have another wife. Elizabethtown Nows.

"Joh naver 25t angry." Job never had a avanding collar to joung from the best button up on his liend with a nidressing a lady, because he slight to blirt and less that way, its ladies. Clase readers of the telegraphic news are becoming surprised at the wide-spread popularity of Mr. Sentenger of the telegraphic thews are becoming surprised at the wide-spread popularity of Mr. Sentenger of the telegraphic thews are becoming surprised at the wide-spread popularity of Mr. Sentenger of the telegraphic the wide-spread popularity of Mr. Sentenger of the telegraphic the wide-spread popularity of Mr. Sentenger of the telegraphic the wide-spread popularity of Mr. Sentenger of the telegraphic the wide-spread popularity of Mr. Sentenger of the telegraphic the wide-spread popularity of Mr. Sentenger of the telegraphic the wide-spread popularity of Mr. Sentenger of the telegraphic the wide-spread popularity of Mr. Sentenger of the telegraphic the wide-spread popularity of Mr. Sentenger of the telegraphic the wide-spread popularity of Mr. Sentenger of the telegraphic the wide-spread popularity of Mr. Sentenger of the telegraphic the wide-spread popularity of Mr. Sentenger of the telegraphic the wide-spread popularity of Mr. Sentenger of the telegraphic the wide-spread popularity of Mr. Sentenger of the telegraphic the wide-spread popularity of Mr. Sentenger of the telegraphic the wide-spread popularity of Mr. Sentenger of the telegraphic the wide-spread popularity of Mr. Sentenger of the telegraphic the wide-spread popularity of Mr. Sentenger

at the begrouing of the session. In the flored case, Mr. Bisbee, a Republicant Infant, indicted by calling it Rosece Conkling, is having its effect, and his chances are vanishing.—Polk Johnson.

The New York Starrefers to Conkling and Prail, the Senators from that Stars, as Chang and Eng, with the former the preciountating spirit as his prototype, the original Chang, was over his brother. The figure of apeech may all well enough, but may be Mrs. Spragua not file an objection to the ligature?—Louisville Argus.

There is a dry paper called the Inter-Ocean; a centralizing paper.

The not probable that Senator at the begrouing of the session. In the Flored case, Mr. Bisbee, a Republicant is given the seat occupied by Mr. Hull, and no trouble have anno mannor, and a Democrat given the seat which belonged to him. The result is that for two successive terms that congress rendered no service except during the institute way of 1880.

Edward one of the Congress rendered no service except during the institute way of 1880.

Edward one of the Congress rendered no service except during the institute way of 1880.

Edward one of the Congress rendered no service except during the institute the same pay as the one who has occupied the seat. There is injustice turking in this system, and such following after Republicant precedents ought never to have been tolerated in a Democratic House.

Lt. Hops are the probable way of 1880.

Edward one of the Congress rendered no service except during the institute annothing the institute of the seat of 1880.

Edward one of the Congress rendered no service except during the institute annothing the institute of the seat of 1880.

There is a dry paper called the luttr. Occan: a controlled the luttr. Occan: a controlled the luttr.

in very tew cases has a Republicun been unscated. Every contest hus been settied upon its merits, and there have been no charges of partizan action. But we shall soon see how differently the other shie will act. In Saples the papers tell a very pretty story of the Qacca of Italy. It have nore contested cases before it ippears that as she was driving to the than were ever brought in one Conroyal wood of Licalo the coachmon grees, it all who have signified their fulstook the road, and one of the purpose to contest sents do so. Fire gouldenen asked a constryman the out of the sky Democratic members way. The maa, acciag the fine carringe and herses, thought he was being fooled. "As if you slid not know!"
he said with a big gria. The Queen
laughed, and assured him they were
laughed, and assured him they were laughed, and assured him they were Cardina, one from Florida, one from laughed, and assured him they were lost. Then only did the countryman condescend to point out the way, a ter which he walked off, as if learing to be langued at ageia.

"Give him twenty brance for his trouble," said the Queen to one of her escorts, who going after the countryman and said to him: "Here, my man, is a little present from the Queen at his district. An inquession seems to have gone on the Queen to the countryman, returning to the countryman, returning to the corriage. "Forgive me that I did not know thee.

man, returning to the corriage. "Finging to the corriage, "Finging to the corriage, "Finging to the corriage, "Finging to the corriage and the carriage and the carriage drive off."

Now the countryman, who had ence seen the Queen, wasted to see her pressy face again, and the following the presented himself at the junice, know her, you know," he added the property face again, and the following the presented himself at the junice.

I had never seen the below. Party, and the carriage drive off.

Now the countryman, who had ence seen the Queen, wasted to see her pressy face again, and the following the presented himself at the junice. Know her, you know," he added the pressure of the day of record in genuses found in the use of English Female Illiters, a great clumph in the cure of six ly freated at the guilless of the cautre of office and the curtest six was not many partized of the perpetual of any partized of the perpetual of any partized of the pressure of the curters of the curter

Thinking he had to do will a madman, the poor for was about to he verb poor fellow arrested, when the very gentleman who had given him the habit of using a half tonde before twenty frances appeared and recognizing the man, told him to wait. He half the habit of using a half tonde before the man, told him to wait. He half the habit of using a half tonde before the man, told him to wait. He half he answer.

Bring him here, by all mesns, was the answer.

When the man was, for the second the answer.

When the man was, for the second the answer.

When the man was, for the second the answer.

When the man was, for the second the answer.

Thou art just an angel. I will had seen a fairy. Thou art just an angel. I will not tell thee venterlay that I have two fittle ones without a mether. With the obstitution of the will not cell thee venterlay that I have two fittle ones without a mether. With the most present the man was the reach the mass of the mines. This led him to look in the mirror, and he was shocked to see the spectable he presented with lake stained brow, dyed half, and chiefe half. The Olden has adopted the two little causes, and they are in an institution, that I was a fair special fastered.

The deem has adopted the two little causes, and they are in an institution, that I was a fair of the balk and thrown on which the well-night of the special fastered and thrown on which the well-night of the properties of the balk and recognished. The called the special fastered and thrown on which the well-night of the properties of the balk and recognished the half and eking the special fastered and thrown on which the well-night of the properties of the balk and recognished the special fastered and thrown on which the well-night of the properties of the balk and recognished the properties and the properties of the balk and recognished the properties
